

## Tracks4Australia PRO release

**Effective March 2006 we have released a semi-commercial map set called Tracks4Australia PRO**

This will use the same road lines as the free version but it will have additional features, i.e.

- Capability to search for cities - and when we add them also other POI (Points of Interest.)
- Polygons for lakes, dams, rivers, reserves, national parks, (wide) rivers.

These extra features will make the maps easier to read on both the PC and GPS screen and we commend the PRO version to everyone.

For a visual comparison go to the files area at <http://groups.yahoo.com/group/tracks4australia/files/> and see the folder called **Compare T4A vs T4A PRO**

### **Selling Price:**

- A\$50 by regular mail for buyers in Australia
- A\$55 by airmail for buyers outside of Australia
- Purchase price will include one update - aim is to update every six months.
- For the time being this purchase will NOT attract GST but potentially in the future it may.
- We believe this charge is very reasonable, less than a tank of petrol or a pair of hiking boots.

### **Logistics details:**

- For your protection and mine, payments will only be possible via PayPal.
- T4A PRO will initially only be a CD product.
- We will mail CD's direct to users within seven days of receipt of their deposit. (Normally should be within 48 hours but if I'm travelling it will have to wait until I return home.)
- **NEXT STEPS ARE VERY IMPORTANT !!!**
- Purchasers MUST:
  - In the PayPal subject include their name and the words T4A PRO purchase. Nothing else. Example: **Phil Smith - T4A PRO Purchase**
  - Include their name and address mailing details in the comment section of the PayPal payment form. (I will copy & paste this into a mailing label.)
  - If you send a payment without the required details then I'll assume it is an anonymous donation. Thanks!! :-)

### **PayPal Overview**

- Easy to use, very secure & no fees for buyers

### **Free Version Will Remain Indefinitely**

- The free version of Tracks4Australia will continue indefinitely
- The free version will continue to have the same road lines as PRO.

However, we believe most people will find PRO a superior product that is worth paying for, but that is your choice.

If you want to be amongst the first to receive T4A PRO please go to PayPal at [www.paypal.com.au](http://www.paypal.com.au) and send your payment to Graham Bowring at [aussietraks@iinet.net.au](mailto:aussietraks@iinet.net.au)

Regards,

*Graham*
